Description: I just started playing minecraft for my computer science class and forgot to remove a sign with my password before exiting the world. Could you please check what my password is. Attached file: bucketctfMC.mcworld

You can pretty much just extract the data from this file so I just used <https://mconverter.eu/convert/mcworld/zip/>

Once you unzip zip file, you can just go to the folder db> then the .log file. I expected the sign text to just be a simple string, so I searched "bucket" for ctf flag.

```
SignTextColor    ÿ Text&  
bucket{1L0V3MIN  
3CRAFT_1c330e9  
105f1} TextIgnoreLegacyBugf  
isMovable xöpyy yI
```

```
bucket{1L0V3MIN3CRAFT_1c330e9105f1}
```
